

In the Specification

Please replace the paragraph beginning at page 136, line 1, with the following rewritten paragraph:

--To accomplish a company's goals, certain tasks must be executed, fulfilling a number of activities in a certain order, and doing this within a given time frame. This definition of goals and procedures describes the workflow of an organization. In accordance with a preferred embodiment of the invention, collaboration space can be adapted to reflect workflow.--.

Please replace the paragraph beginning at page 138, line 7, with the following rewritten paragraph:

--The no special workflow option 514 allows members to publish their pages ~~bases on~~ based on this form without first getting approval from any other member of the QuickPlace either ~~as a draft or in their~~ in draft or final form.--.
